NH DHHS COVID-19 Update April 21, 2022

Concord, NH – The New Hampshire Department of Health and Human Services (DHHS) has issued the following update on the new coronavirus, COVID-19.

On Thursday, April 21, 2022, DHHS announced 376 new positive test results for COVID-19 for Wednesday, April 20. Today's results include 291 people who tested positive by PCR test and 85 who tested positive by antigen test. Test results for previous days are still being processed and updated case counts for prior days will be reflected on the [COVID-19 interactive dashboard](#). There are now 2,525 current COVID-19 cases diagnosed in New Hampshire.

Several cases are still under investigation. Additional information from ongoing investigations will be incorporated into future COVID-19 updates. Of those with complete information, there are fifty individuals under the age of 18 and the rest are adults with 58% being female and 42% being male. The new cases reside in Rockingham (76), Strafford (55), Hillsborough County other than Manchester and Nashua (54), Grafton (30), Merrimack (30), Sullivan (20), Cheshire (18), Belknap (15), Carroll (11), and Coos (3) counties, and in the cities of Manchester (32) and Nashua (24). The county of residence is being determined for eight new cases.

There are currently 17 hospitalized patients being treated for COVID-19. In New Hampshire, since the start of the pandemic, there have been a total of 307,103 cases of COVID-19 diagnosed.

Current Situation in New Hampshire

New Hampshire 2019 Novel Coronavirus (COVID-19) Summary Report (updated April 21, 2022, 9:00 AM)
